

Comprehensive protection ♦ User-centric design  
Customized solutions ♦ Simplified compliance

CYBERQUEST SIEM ♦ CQ Automation ♦ NETALERT NDR  
CQ Threat Intelligence ♦ UEBA ♦ DeDDoS

# ONE PORTFOLIO MULTIPLE LAYERS OF DEFENSE

Unified architecture - SIEM, SOAR, NDR, UEBA, DeDDoS & TI

Operational value from day one - 3500+ alerts & 1500+ reports

Deployment flexibility - On-premises, air-gapped, cloud or hybrid.

Predictable economics - Full visibility without punitive data-volume pricing

European-native by design - Built in Europe for sovereignty and compliance

Actionable intelligence in real time

AI-powered automation

End-to-end visibility

Modular, scalable architecture

Real-time threat detection & response

## THREAT INTELLIGENCE

Outsmart every threat proactively.  
Stay ahead of cyber threats with high-value, relevant and actionable intelligence.

High-quality, unique data.

Industry & geographical relevance

Measurable, actionable outcomes

Real-time & continuous updates

Technology - specific insights

- Less clutter, more accuracy – reduce noise with unique, curated threat data.
- Always receive fresh, actionable intelligence.
- Better decision-making – trust in verified, high-quality threat insights.
- Precision targeting – eliminate irrelevant threat data and focus only on real risks.
- Resource optimization – reduce processing power wasted on unnecessary IOCs.
- Faster threat response – respond quicker with intelligence tailored to your threat landscape.
- Track how intelligence strengthens security.
- Actionable Insights, not just data. Intelligence designed for real-world response.
- Make informed decisions based on measurable outcomes.
- Immediate threat awareness – be the first to know about new cyber threats.
- Proactive defense – stop threats before they reach your network.
- Minimized risk exposure – continuous updates mean no outdated security gaps.
- Customized security: get intelligence that
  - fits your exact IT environment.
  - Graph to visualize relationships between users, devices and incidents.

Outsmart every threat - act on real, high-value intelligence tailored to your risk landscape, in real time.
